

# HAPPY *Easter*

Let's  
shop for Easter

## DEAR CUSTOMERS

The first tender buds are beginning to sprout and soft bird calls are in the air - spring is coming and Easter is approaching in leaps and bounds.

The question of the right Easter gifts arises anew, as it does every year. To help you find your way through this year's Easter assortment, we have put together a small selection of products as inspiration. Items are arranged by age and respective age-specific interests. We hope you like our gift ideas and that they will make many children's eyes light up during Easter.

Best regards from Hochdorf,

*Sven Grimm* *Elke Grimm* *M. Stuber*

# 0-12 MONTHS

Babies first discover their **hands** and then begin to reach for objects more and more purposefully in order to bring them to their **mouths** and feel them. Due to their inherent natural properties for **sensory exploration**, grabbing toys, rattles and small dolls made of natural wood and certified cotton fabrics are particularly suitable as **first toys**.

22955 Rainbow Ball  
85027 Playsilk Water

08230 Rattle Rose Quarz  
10340 Set of Bowls Natural

# 1-2 YEARS

The little ones are becoming increasingly **mobile** and toys with wheels are becoming more and more attractive. **Pull-along animals** are companions up hill and down dale and little cars roar around. In and out go the passengers, because **filling and emptying** is an important developmental urge at this age. **Towers are stacked** and knocked down again and again with joy.

10580 Seven Friends in Bowls

# 3-4 YEARS

Children understand the world around them by **observing and imitating**. Little dolls and play worlds full of possibilities provide a space for this.

Building art at this age becomes increasingly **three-dimensional**, functional and creative, and reflects the world that surrounds children.

10900 Flower

10586 Pastel Mushrooms  
10166 Pastel Rainbow Forest

09305 Small Convertible Green

# 4-6 YEARS

The world is full of wonders and children's wide awake eyes notice everything. They are keenly interested in the **seasons**, the **weather**, the **elements** ... but also in extraordinary things like **fairy tales** and **magic**. The world of **letters** and **numbers** slowly becomes accessible to them. **Creative activities** give them the opportunity to try out their own skills.
